

More Light Privacy Policy

More Light Presbyterians is committed to respecting your privacy. This privacy policy governs our collection and use of personal, church and chapter data from any source.

1) Personal Information. Your name, address, phone, email, church and presbytery information will never be sold to third parties under any circumstances. When our mission does require sharing data with third parties as part of our commitment to justice for LGBTQ people in church and society, the limited use of data is approved by the MLP National Board of Directors. You may permanently opt-out of having your data shared with board-approved third parties by making the request to privacy@mlp.org.

2) Financial Information. Your donations to More Light Presbyterians are never shared with third parties under any circumstances. Our financial assistant is aware of donations for accounting purposes and information is shared in a limited way with other staff and board members when thank you calls need to be made or donor research is done. You may permanently opt-out of having your financial data shared with staff (excluding the financial assistant) and board members by making the request to privacy@mlp.org.

3) Marketing Information. Your visits to and from the MLP website, social media sites and Vertical Response emails are tracked to assist our communications team. This information is shared in aggregate ways that do not reveal individual identity with the staff, board and our funders. There is an opt-out button on each Vertical Response email or you may also opt-out by making the request to privacy@mlp.org.

Any general questions about this Privacy Policy should be addressed to privacy@mlp.org.
